

## Memorandum

To: MLMIC Policyholders

From: Joseph Milano

Date: September 26, 2018

Re: MLMIC: Initial appointment of policy administrator does not necessarily extend to distribution of the cash payments

For eligible policyholders who have previously appointed a policy administrator or an EPLIP employer (as defined in the [Policyholder Information Statement](#)) to act on its behalf, MLMIC has initiated a process of notifying such eligible policyholders and their policy administrator or EPLIP employer that the previous appointments do not extend to the distribution of the cash consideration. MLMIC has provided consent forms to such eligible policyholders for use should they choose to designate their policy administrator or EPLIP employer to receive such distribution.
